

## NOVEL STUDIES

### Overview:

The following novel studies are available from our office. Because of copyright regulations, all orders must come through your teacher, to the office. We recommend that if your family is using novel studies as your **main resource** in L.A., you plan to use **five novel studies**. If your child successfully completes all five studies, discuss ideas with your teacher before planning on choosing any more. Any family using them as a **supplement** to their L.A. program, will only have time for a few studies, so should probably choose **no more than one or two studies**. **Units are consumable and a charge of \$2.00 each will be applied to cover costs.**

We suggest that you take this list to your local library and look through the books to see which ones are suitable for your child’s reading level and interests. You will also want to look at a variety of books so you are covering different genres, authors, skills and topics. Your teacher will need to discuss your choices with you, to make sure you are covering the requirements of the Alberta Program of Studies.
